

# Mobile World Congress 2014

HUAWEI

MAKE it  
**POSSIBLE** | 4G LTE

LIVE WITHOUT  
**BOUNDARIES**

Make fastest connection  
wherever you go

So many devices

So many scenarios

# HUAWEI E5786

Ultra fast mobile Wi-Fi

LTE Cat6  
300Mbps  
download  
speed

Download a HD  
movie in half minute

3G  
14%

LTE Cat4  
50%

LTE Cat6  
100%

The background of the slide is a dark blue field filled with numerous bright, multi-colored streaks of light. These streaks, in shades of blue, cyan, yellow, and white, radiate outwards from a central point at the bottom, creating a sense of high speed and energy, similar to a light trail or a stylized representation of data flow.

# Carrier Aggregation (CA)

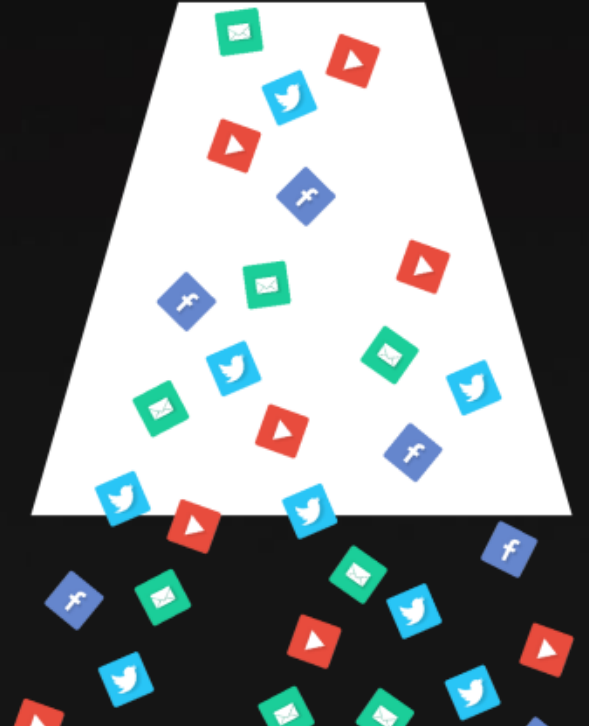

Ultra fast  
HiSilicon LTE Cat6 chipset  
**28nm** HPM Cortex A9

Enhanced downlink speed  
with latest Wi-Fi technology

802.11a/b/g/n

802.11ac

Work & play  
for over  
10 hours

Gaming

Internet Surfing

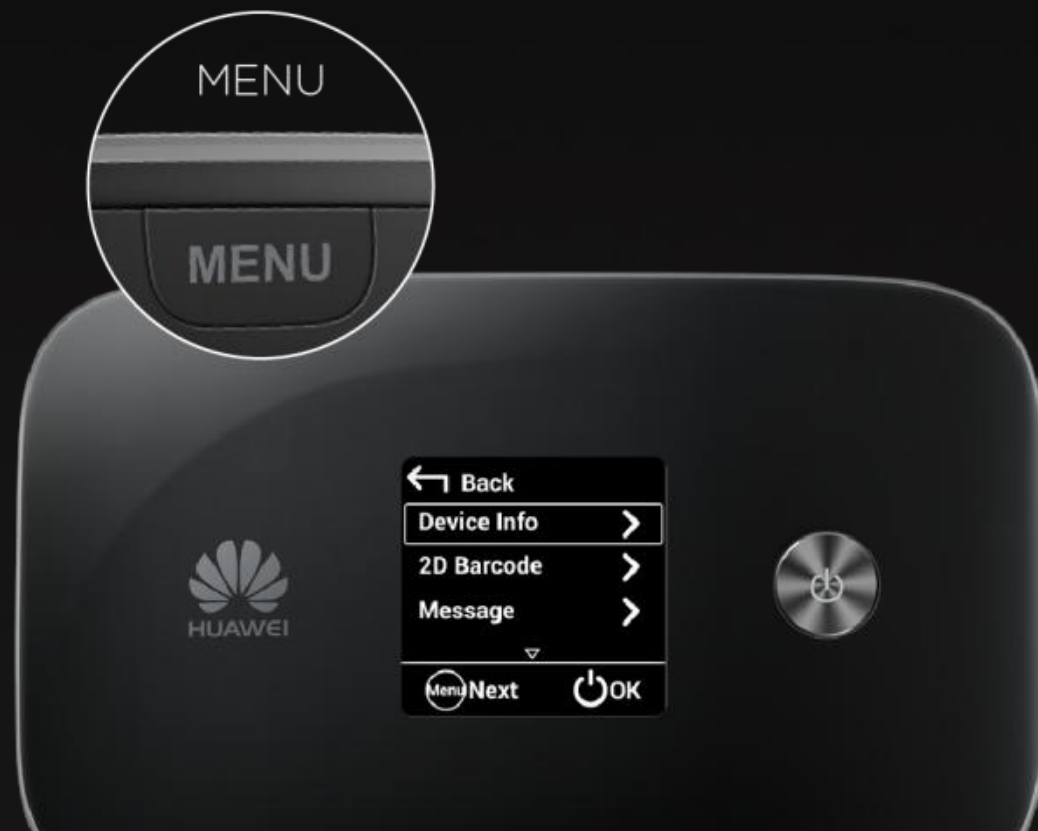

Video

**3000mAh** battery  
with reverse charging feature
